HALL & BROTHER.

P. W. BROWNING, Merchant Tailor, Pennsylvania Avenue, north side, between 3d and 4th streets, not far from the railroad depot, returns his sincere thanks to the members of the present Congress, and the public generally, for their liberal patronage extended toward him the past winter, and respectfully solicits a continuance of the same. He has just returned from New York with a choice stock of spring and summer goods, such as English, French, and American cloth; cassimeres and vestings; plaid and striped cassimeres, a new and beautiful article; also, plaid tweeds for spring frock coats.

He has visited the principal merchant tailoring establishments in New York, and can say that his stock will compare with theirs for style, beauty, quality, and cheapness. In short, his goods were purchased for cash in the best market in the United States, with great care, and he presumes to say, with judgment, and will be sold for cash, as he cannot kick the credit system with so small profits as he offers to sell his goods; and, with such a system of doing business as the above, he defies any establishment in the U. States to sell clothes cheaper than he will (notwithstanding some merchants in this city) not even judges of such goods as merchant tailors use) propose to sell clothing from twenty-five to thirty per cent. cheaper than it can be bought of the merchant tailor. I say it is false, and I can prove it; and any person that believes it is completely humbugged and laughed at. All I ask is, that you will honor me with a call before you purchase your spring clothing, and I will prove to you all I say. Call, if you please, and, whether you buy or not, I will take great pleasure in showing you my goods.

A general assortment of fancy articles, umbrellas, stocks, gloves, handkerchiefs, shirts, hosiery, &c.

A large stock of fashionable clothing of my own manufacture, to suit the circumstances of the poor man, as well as the rich, fine, medium, and common, for cash only.

ROWAND'S IMPROVED TONIC MIXTURE, FOR FEVER AND AGUE. For sale by W. ELIOT & CO., may 1-1m Corner of F and 12th streets.

THE TRUTH SOMETIMES NOT FOUND OUT UNTIL TOO LATE.

SUCH is often the case in regard to persons taking medicine. They are induced by plausible reasoning, false representation and doctrines, to employ medicines that, so far from being adapted to their disease or sickness, absolutely increase the symptoms, destroy the constitution, rack the whole system, and bring on a gradual decline, terminating in death; previous to the fatal termination, however, (but unfortunately too late,) the truth is found out that the pills, mixtures, &c. they have been taking were composed of the most powerful and dangerous ingredients, prepared too by persons knowing nothing of disease or the nature of the medicines they recommend, depending altogether upon the "general doctrine of cure imposters," that their medicines will "kill or cure." Be advised, then, if you find it necessary to take some medicine for purifying the blood and cleansing the bowels, to take nothing but Dr. Leidy's justly and deservedly celebrated Sarsaparilla BLOOD PILLS, the only pills containing Sarsaparilla in their composition—the safest and best as well as the most effectual that can be taken.

Old and young, at all times, without regard to weather, may take them without fear of taking cold, and without restraint from occupation or usual course of living. Upwards of 1,000 certificates have been published, various times, of their efficacy. More than 100,000 boxes have been sold in Philadelphia in twelve months. These facts go to prove their value, or so many never would be sold in so short a time, in a place where they are manufactured; this, however, arises in part from the fact that the manufacturer of them (Dr. Leidy) is well known at home as a regular physician and apothecary, knowing the true nature of diseases and of the medicines he recommends, attested by the most celebrated physicians, among whom are Dr. Nathaniel Chapman, Dr. Wm. Gibson, Dr. W. E. Horner, Dr. Samuel Jackson, Dr. Robert Hare, Dr. P. S. Physic, Dr. T. C. James, Dr. W. P. Dewees, Dr. J. Redman Cox, Rev. W. H. Delancy, Robert Adrian, L.L.D., &c. &c.

Orders for Dr. Leidy's BLOOD PILLS are daily received from the North, South, East, and West, and the most flattering accounts, from every direction, of their unparalleled success. A single box (25 cents) may save as many dollars, if taken in time, instead of the dangerous medicines now forced on the public, and by taking which persons so often find it necessary at last to take Dr. Leidy's Blood Pills, to counteract their injurious consequences.

They are prepared only, and sold Wholesale and Retail, at Dr. Leidy's Health Emporium, No. 191, North Second street, below Vine street, Philadelphia.

IT CANNOT BE DENIED. FOR truth is mighty, that Dr. Leidy's SARSAPARILLA is the purest, strongest, and most efficacious of any other preparation of Sarsaparilla that is made. It is warranted to be stronger than six bottles of most others, stronger than four of some, and stronger than three of the strongest prepared by any other in the United States.

Dr. Leidy's Sarsaparilla is recommended by all respectable physicians in preference to any other. All who have ever used it have derived more benefit from one bottle than three to ten of others; and those who, after having used other preparations without benefit, will use Dr. Leidy's, will soon be convinced (as thousands have already been) of the foregoing assertion.

The apparatus with which Dr. Leidy's extracts, used in his preparation of Sarsaparilla as prepared, is the only one in the United States, imported by Dr. Leidy himself, from the celebrated house of Pelletier & Caventou, in Paris, at a great expense, and is capable of extracting the medicinal virtues of Sarsaparilla and other roots more effectually than by any other process.

As several hundred certificates of remarkable cures, and recommendations from clergymen and physicians have been from time to time published in different papers, it is only thought necessary to keep the public acquainted as to where Dr. Leidy's Sarsaparilla can be obtained genuine, namely, at J. R. Leidy's Health Emporium, 191 North Second street, near Vine street, (sign of the Golden Eagle and Serpents.) Fred. Brown's, James Bond's, and Fred Klett's drug stores, Philadelphia, and at CHARLES STOTT'S, Washington City. ap 25-3m

DR. TAYLOR'S BALSAM OF LIVERWORT, prepared at 375 Bowery, New York, is justly celebrated as the most wonderful curative of pulmonary diseases in the whole range of pharmacy, some of our most respectable physicians use it in their practice, prescribing it as the best of all remedies for pulmonary complaints and physical debility, and they unhesitatingly recommend it to be kept in every family of a consumptive tendency. It is universally received as one of the standard medicines of the day. The great merit of Dr. Taylor's Balsam is, that in all cases of pulmonary complaints it gives immediate relief. A single bottle will, in most cases, reveal its astonishing virtues, and open at once the fountain of health and strength to the afflicted. Read the following certificate:

"Being constitutionally predisposed to Consumption, (a number of my family having died with this disease) and having suffered from irritation of the Lungs, accompanied with cough and raising matter and blood, together with severe pain in my side and breast, till I was supposed to be beyond recovery, I was induced by advice of Dr. Perkins, as a last resort, to try 'Taylor's Balsam of Liverwort.' I have taken five bottles in all. I began to improve with the first bottle, and while taking the third, was so far recovered as to be able to get about. Since which time, by continued use of it, I am quite restored, and able to attend to my usual business. To persons suffering from coughs and affections of the Lungs, I do earnestly recommend it.

(Signed) "JAS. C. SCOTT," ELIZABETH CITY, N. C., Dec. 16, 1842.

Observe.—The only genuine Taylor's Balsam of Liverwort has an engraved label around each bottle, with the signature of Dr. Gordon J. Leeds, attached, to prevent counterfeits. In order to be certain of obtaining the genuine article, purchase only at the original office, 375 Bowery.

DYSPEPSIA.—To soothe the sufferings of humanity, to ameliorate the pangs of disease, is the grand object of medical science. This is efficiently demonstrated in the healing virtues of Dr. BENJAMIN BRANDRETH'S PILLS. The cures effected by this medicine would fill volumes.

Views on indigestion as a source of undefined and irregular Nervous Sensations.

"Ill, small at first, grow larger from delay, And slowly eat their sad and cankering way; Thus by successive throes, the frame is torn, Till health and peace of mind alike are gone."

The nerves of the human body—those necessary and mysterious agents which immediately connect man with external nature—are singularly prone to have their functions disordered by an oppressed condition of the stomach; the minute termination of that portion of the nerves expanded upon the organs of digestion conveying the morbid impression to the Brain.—And although the Head can, undoubtedly, like other organs, be the seat of primary disorder, yet, in the great majority of cases, the uneasy sensations there experienced are symptomatic of disordered stomach; and, further, there is abundant evidence to prove that crudities in the stomach and bowels can, in every grade of human existence, give rise to spasmodic action in every organ of the body; and whether we survey it in the agonizing form of the Tic Dolorieux—the alarming convulsions of the Epileptic seizure—or in the irritable condition of the nerves of the heart—ecstasy nervous palpitation—they can all frequently be traced to the source above mentioned, and be cured by mild evacuant and tonic remedies. To relieve a state of so much suffering and distress (in which body and mind also participate) BRANDRETH'S PILLS are confidently recommended; as, by combining aromatic tonic and cleaning properties, they remove all oppressive accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system; and in fact, by their general purifying power upon the blood, exert a most beneficial influence in all cases of disease.—Read the following:

DYSPEPSIA CURED. BENJAMIN, Vt. Dec. 5th, 1843.

Dear Sir—I wish to add my testimony to the host of others that you have in favor of your valuable pills. In the year 1838, I was attacked with that disagreeable complaint the Dyspepsia, which so affected me that I could not take a particle of food, without the most unpleasant and uncomfortable sensations in my chest, head and bowels. My chest was so sore that I could not bear the slightest pressure without giving me pain. My health was most miserable; many physicians told me they thought I was in the consumption; and that if I did not give up my business, and change climate, I could live but a short time.

I tried every thing in the shape of medicine, and consulted the most skillful physicians, but found no permanent relief. I became discouraged, gloomy, sad, and sick of life; and, probably, ere this, should have been in my grave, had I not felt in with your precious medicine. A friend of mine, who had been sick of the same complaint, advised me to try your pills; but having tried most other medicines without obtaining any relief, had but little faith that your pills would be of benefit to me; but, at his earnest solicitation, I procured a box and commenced taking them.

The first box produced little or no effect, and I began to despond, for fear that your medicine would prove like others I have taken; but my friends argued that one was not a fair trial, and I purchased a second, and before I had taken the whole box I began to experience a change! the pain in my chest began to be less painful, and my food did not distress me so much as formerly. I went on taking them until I had taken six boxes, and my Dyspepsia was gone, and my expectation of an early death vanished, and I felt like a "new creature." I was then, and am now a healthy man. I have never since been troubled with the Dyspepsia. I have administered your pills to the members of my family, and to my friends, and in all cases with good success. You can publish this if it will be of any use to you. I am, dear sir, truly yours, J. I. COOK, Publisher of the State Banner.

THE WONDERFUL CURES Performed by Dr. SWAYNE'S Compound Syrup of Wild Cherry, in Pulmonary CONSUMPTION, have excited the astonishment of all who have witnessed its marvellous effects; there is no account of a medicine, from the earliest ages furnishing a parallel; the almost miraculous cures effected by this extraordinary medicine, are unprecedented. One among the many certificates may be seen below.

CINCINNATI, Feb. 15, 1840.

Dr. SWAYNE—Dear Sir: PERMIT me to take the liberty of writing to you at this time to express my approbation, and to recommend to the attention of heads of families and others your invaluable medicine—the Compound Syrup of Wild Cherry, or Wild Cherry Bark. In my travels of late, I have seen, in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Coughing, Wheezing, Choking of Phlegm, Asthmatic attacks, &c., &c. I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, had it not been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an "only child," whose case was almost hopeless, in a family of my acquaintance. "I thank Heaven," said the doating mother, "my child is saved from the jaws of death!" and I now say and believe that, beyond all doubt, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with complete success. I am using it myself in an obstinate attack of Bronchitis, in which it proved effectual in an exceedingly short time, considering the severity of the case. I can recommend it in the fullest confidence of its superior virtues; I would advise that no family should be without it; it is very pleasant and always beneficial—worth double, and often ten times its price. The public are assured there is no quackery about it.

R. JACKSON, D.D. Formerly Pastor of the First Presbyterian Church, N.Y. In districts where Colomel and Quinine have been too freely made use of in bilious complaints, &c., Dr. Swayne's Compound Syrup of Wild Cherry will prevent their evil effects on the system, and act as a strengthening alternative and improve the bilious functions.

CAUTION.—All preparations from this valuable tree, except the original Dr. Swayne's Compound Syrup of Wild Cherry, are fictitious and counterfeit. Prepared only by Dr. Swayne, whose office is now removed to N. W. corner of Eighth and Race streets, Philadelphia.

Sold by Wm. Stabler & Co., in Alexandria; G. M. Sotheron, in Georgetown; John Hann, Point of Rocks, Md.; the Rev. Isaac P. Cook, No. 52, Baltimore St., and J. W. & R. W. Davis, Baltimore, Md.; E. J. Stansbury, Annapolis, Md.; and by nov 24-6m R. FARNHAM, Washington.

SANDS'S SARSAPARILLA. FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

NAMELY: Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomach Ulcers, Syphilitic Symptoms, Scalds, or Lumbago, and Diseases arising from an injudicious use of Mercury, Acetate, or Dropsy, Exposure or imprudence in life. Also, Chronic Constitutional Disorders will be removed by this preparation.

TO promote the health of the body and increase the tranquillity of the mind, are among the most important objects for which man lives, and for which the sages of antiquity labored with incessant and unremitting toil. The constitution of man was their study, in order to discover the seat of his maladies, and source of all his corporeal misery. To alleviate the drooping spirits, to inspire confidence to the desponding mind, and ease the sorrowed heart, all the arts and arguments of their philosophy and powers of reason were turned. Among the varied branches of worldly learning, there can be none equal in importance to that of the Healing Art, for the soul in a diseased body may be aptly compared to the martyr in his dungeon, which retains its real value, but has lost its usefulness. Many or most diseases have their origin in an impure or impoverished state of the blood, and this being a fluid sui generis, extending to the most minute ramifications of the system, the subtle poison is infused, and the seed being sown brings forth fruit in abundance; in one instance, causing a swelling of the glands, resulting in Scrofula or King's Evil—in another, ossification of the arteries, or turning them into bone; also, rheumatism, and disease of the heart, cutaneous eruptions, diseases of the liver, and a variety of other maladies, which soon hurry their victim to the grave. Sands's Sarsaparilla, a purely vegetable medicine, which is the result of years of labor and chemical research, in bringing it to its present state of perfection, will arrest, and, if timely administered, perfectly cure these diseases, by purifying the vital fluid, regenerating the constitution, dispelling diseased action, giving tone to the general energies of the system, and enabling the blood to course on freely, and bringing with it health and renewed vigor.

The following are extracts from letters recently received, and specimens of those coming to hand daily:

GALLATIN, Tenn. Feb. 27, 1844.

Messrs. A. B. & D. Sands— Gentlemen: I have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December I was sent for to see my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death with the scarlet fever and a cancerous affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician, she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles, which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood. Respectfully, J. M. OWENS.

NEW YORK, Dec. 1, 1843.

Messrs. Sands— Gentlemen: Parental feelings induce us to make the following statement of facts in relation to the important cure of our little daughter, wholly effected by the use of Sands's Sarsaparilla. For nearly three years she was afflicted with a most inveterate eruption on the body, which at times was so bad, connected with internal disease, that we despaired of her life. The complaint commenced in the roots of the hair, and gradually spread until the whole head was enveloped, and then it attacked the ears, and ran down the neck, and continuing to increase, until it covered the most of the body. It commenced with a small pimple or pustule, from which water at first discharged; this produced great itching and burning; then matter or pus formed, the skin cracked and bled, and the pus discharged freely. The sufferings of the child were so great as almost wholly to prevent natural rest, and the odor from the discharges so offensive, as to make it difficult to pay that particular attention to the nature of the case required. The disease was called Scald Head and general Salt Rheum. We tried various remedies, with little benefit, and considered her case almost beyond the reach of medicine; but from the known virtue of your Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived an improvement in the appearance of the eruption; but the change was so rapid for the better, that we could scarcely give credence to the evidence of our own eyes. We continued its use for a few weeks, and the result is a perfect cure. To parents we would say—if you have children suffering with any disease of the skin, use Sands's Sarsaparilla. With feelings of gratitude and respect, we are yours, &c. ELIHU & SARAH SOUTHWAY, No. 95 Madison street.

ELIZABETHTOWN, N. J., Dec. 2, 1843.

Messrs. Sands— Gentlemen: It is with heartfelt gratitude for your kindness to me that I make a public acknowledgment of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was, as I thought, incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed and my sufferings during the whole winter were more than I can tell. With the advice of my friends, I called two of the most eminent physicians of the place, who recommended your preparation of Sarsaparilla, knowing of nothing that would be as likely to help me; which advice I readily received, and before I had taken one bottle, I found a change in my feelings which induced me to take more, and when I had taken the third bottle, I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed, it is in a very favorable state, and I believe it will be the means, ultimately, of my entire cure; and that the afflicted may all find the relief which it alone can give, is the wish of their and your friend, EUNICE WOODRUFF.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

DEAFNESS. Dr. McNAIR'S ACOUSTIC OIL.—Those deaf from infancy often receive, in a most miraculous manner, their hearing when they least expect it, by some trifling accident or event, which shows them how easily they might have much sooner had their hearing, and saved themselves and their friends the pain of conversing in a loud tone, without pleasure, or of being neglected and shunned, to avoid that distress which is felt mutually by the deaf person and his hearers. How sacred a duty, therefore, it is that we use all necessary means to remove such an affliction, and enjoy the social qualities implanted in our natures! This EAR OIL has the effect so to relieve the tension, and bring into us the natural action of the parts, so as to restore the hearing when lost or impaired. This is proved by so many and well-known cases, that, where known, it needs no praise. The great wish of the proprietor is, that each may speak to others of its uncommon virtues, till sufferers may know, and be relieved and restored by its use. This will be done in all cases of recent DEAFNESS and many of long standing. ALL DEAF PERSONS should use this oil! It will relieve at once, or, if DEAFNESS is just commencing, will remove the cause and check its progress. Those who have been long deaf should continue its application a few weeks to hear well. Each flask has full directions for use attached to it.

TO ALL THE WORLD WHO USE LEATHER IN ANY FORM. OIL OF TANNIN, OR LEATHER RESTORER. A NEW CHEMICAL DISCOVERY. Most people know that skins and hides are converted into leather by the use of Tannin extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard dry, brittle, cracked, covered with a crust, &c. THIS ALL KNOW. To restore, then, life, softness, moistness, strength, smoothness, and remove all crust, fly, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, the OIL OF TANNIN—which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage-tops, harness, hose, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used. THESE ARE FACTS.

Those who will wear old shoes, groan with corns, ride with old carriage-tops—have old harness, and throw them away half used—look filthy themselves and all about them—expend double what is necessary for articles of leather to their hearts' content, for what we care, if their prejudices are so strong, they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.
